

THE NSW UNION OF ROWERS

Presents

THE 'PETRIN COLLECTION'

On Saturday 28th May 2016, 11.00am – 2.00pm, a unique opportunity has arisen to view the remarkable rowing archives, library and memorabilia collected by Louis Petrin. Louis is well known to rowing supporters and competitors both young and old as a popular and competent NSW Boat Race Official and historian.

This extensive and rare collection of both international and national interest, extends from the early 1800's to present, and has been acquired through auctions, the World Wide Web and personal archives through Louis's own initiative and personal expense.

Never seen publicly before, the Petrin Collection is professionally presented in a well appointed Industrial Complex – Unit 9, 56 Buffalo Road, Gladesville – great parking and easy reach for Sydneysiders.

The viewing on the 28th May next, occurs two weeks after the NSW State Masters Championships and precedes the Olympics and World Champion Senior, U/23 and Junior events in August. It will be of interest to all ages.

THE COST

With all proceeds going towards the NSW Union of Rowers Youth Development Scholarships, an admission charge of \$20 per head includes a barbeque lunch, tea and coffee, Other drinks will be available for purchase.
